

Welcome to Community Health Alliance

Thank you for choosing Community Health Alliance. We are proud to serve as your patient centered medical home to provide and coordinate the health care services you need. A patient centered medical home is a team-based approach to providing health care with the patient as the central focus. As our patient, you will have access to a skilled team of medical, dental, and behavioral health professionals, low-cost pharmacies, prescription food pantries, supportive services, and programs. At Community Health Alliance, our goal is to provide you with the health care that you deserve.

Patient Centered Medical Home (PCMH)

As part of our ongoing effort to ensure we are providing the highest quality health care in the region, we have sought and have received recognition from the National Committee for Quality Assurance (NCQA), a non-profit organization dedicated to improving health care quality. A patient centered medical home (PCMH) is a team providing you evidence-based, personalized health care. "Patient-Centered" is a formal way of saying that you are the focus of your health care. Your team consists of your health care providers, your support system, and the leader of the team: YOU. As an active member of your PCMH, you will have a chance to explain things that are important to you. You and your health care team will work together to create a care plan that:

1. Is created just for you.
2. Connects you with your health care team.
3. Is coordinated with other health care providers.
4. Supports you every step of the way (even if that means getting help from other doctors).

Choosing a Provider

When you establish care with us, you will be asked to choose a Primary Care Provider that you will see when you get care at the health center. You are given a choice of Providers who are available according to your preferences and the health center location. Your health care team will get to know you, your history, your health care needs, and you will know who to contact when you have questions or need help.

After Hours Assistance

If you are a current patient and need to reach your provider urgently, outside of regular office hours, you may reach our after-hours line by calling 775-329-6300. Our answering service will put you in touch with the on-call provider. If you are experiencing a medical emergency, please call 911.

If you are admitted to the Hospital

If you are admitted to the hospital, please tell the hospital staff that we are your Primary Care Provider. It is important that we know you are in the hospital, so

please ask them to notify us. Your care will be overseen by the hospital doctor while you are there, but your Primary Care Provider may be contacted to provide information about the care you received from us in the past. When hospital staff are talking about discharging you, be sure to contact us to schedule a follow-up visit.

Accessible Hours of Operation & Locations

Low-Cost Pharmacies

When it comes to prescriptions and immunizations, convenience is key. That's why we feature one-stop, low-cost pharmacies at three of our locations. Pick up your medications immediately after a medical or dental appointment or register for free delivery within 20 miles of your health center. Our team of friendly Pharmacists is here to help you manage your medications, as well as provide low or no-cost immunization services for your entire family.

If you are having trouble obtaining your medication at any local pharmacy, you can transfer your medications to any of our in-house pharmacies.

Programs

Women, Infants, and Children's (WIC)

We provide education, breastfeeding support services, supplemental nutritious foods and referrals to health and social services to pregnant, breastfeeding, and postpartum women, infants, and children under the age of 5 who live in Nevada. We also offer additional one-on-one support, monthly virtual support groups, and can provide internal and external referrals to expert breastfeeding and lactation care.

Prescription Food Pantries

Our Prescription Food Pantries provide free, nutrient-rich food to those who lack consistent access to enough food for an active, healthy life. Receiving food from our pantries is simple. The only requirement is to be a patient at Community Health Alliance.

Community Health Worker Program

Community Health Alliance's Community Health Workers are trained public health educators improving healthcare delivery with integrated and coordinated services across the continuum of health. Our Community Health Worker (CHW) program is available to assist patients with social drivers of health by connecting patients to resources and assisting with chronic disease management and prevention. Social Drivers of Health (SDOH) are the nonmedical factors that influence health outcomes. They are the conditions in which people are born, grow, work, live, and age.

Billing & Payment Information

Don't have insurance?

Community Health Alliance provides services to all individuals whether you have insurance or not. We offer a variety of self-pay options for those who are uninsured or underinsured that is based off family size & income, and always work with you to ensure you receive affordable and quality care.

How do I pay for my visit?

Community Health Alliance offers low-cost, discounted, and flexible payment options for uninsured and underinsured patients. We participate in most insurance plans, including Medicaid and Medicare. Copay is required when you check in for your appointment. Community Health Alliance accepts cash, check, Visa, or MasterCard. We never deny care to anyone based on ability to pay.

Insurance Enrollment Assistance

Everyone who comes into our health centers for healthcare services is screened for health insurance eligibility, including Medicaid, Medicare, and Supplemental Nutrition Assistance Program (SNAP). Our Healthcare Access Specialists walk you through the process so that you, and your entire family, can have peace of mind when it comes to protecting your health.

Our team is available throughout the year to help you answer any questions that may arise about your health insurance status. Is open enrollment over and are you experiencing a qualifying life event such as adding a new member to the family, or have you recently lost health insurance coverage? Not a problem. We can help you navigate life's curveballs and ensure you have proper health coverage.

Patient Portal

The Community Health Alliance Patient Portal gives you safe and secure access to your personal health information records from anywhere with an internet connection. Features include:

- Send and receive messages with your health care team
- Access your health records
- Request appointments
- View latest test results
- Update your contact information

COMMUNITY HEALTH ALLIANCE

Consent for Treatment I voluntarily consent and authorize for such care and treatments including but not limited to; Physical examination, diagnostic tests, medical procedures, behavioral health consult, and medications by employees and authorized agents of Community Health Alliance including; all affiliated physicians, dentists, advance practice registered nurse, physician assistants, licensed behavioral health/substance abuse professionals, pharmacists, nursing staff, and ancillary providers as may be considered necessary or advisable in their professional judgement. I am aware that the practice of medicine is not an exact science and further acknowledge that no guarantees have been made regarding the effect such treatments may have on any medical conditions. I understand that a pharmacist may initiate, modify or discontinue any medication in accordance to a collaborative practice agreement; and I am aware that a pharmacist is not a physician, osteopathic physician, advanced practice registered nurse or physician assistant.

Right to Refuse Treatment I understand that I have the right to make informed decisions regarding all care and treatments. I understand that I may ask healthcare professionals to explain anything that is not understood. This includes the right to refuse any treatments.

Telehealth Services Certain healthcare services may be provided to me by a telehealth or telecommunication system that allows my provider to view my condition and provide me with treatment directly when I am off site. I am entitled to receive a description of the risks, benefits, and consequences of telehealth services and a description of my privacy rights as they relate to telehealth services. I have the right to terminate telehealth services at any time. I may access copies of all transmitted health information. My information will not be disseminated to other entities without my consent. If treatment is provided using an asynchronous system, I have the right to request and receive interactive communication with my provider within 30 days of my request.

Patient Portal I am aware that by providing Community Health Alliance with my current email address I will have access to my secure medical chart via the Patient Portal. I will be able to access upcoming appointments, lab results, diagnostic imaging results, non-urgent medical questions and more.

Behavioral Health Treatment: I understand that should I choose to pursue behavioral health services at Community Health Alliance, my initial consult will be conducted at a scheduled appointment with a licensed behavioral health professional. If insured, my health insurance will be billed for the BH consult session accordingly. I consent to the initial behavioral health consult and/or telehealth consult.

Consent for Billing All co-payments, deposits, and sliding fees are due and payable at the time of service. I assign all insurance payments to be made directly to Community Health Alliance. This authorization and assignment is permanent unless I exercise my right to revoke authorization and assignment with my written notice at any given time. I understand that it is my responsibility to confirm with my insurance carrier the participating provider status of Community Health Alliance. I will be responsible for any charges incurred that my insurance does not cover. I hereby authorize Community Health Alliance to release information necessary to file and/or process a claim with my insurance company.

Patient Rights You have the right to receive considerate and respectful care, you have the right to participate in your healthcare, and you have the right of resolutions of issues or complains. *Please review patient welcome packet for more information.*

Patient Responsibilities Please provide complete and accurate information to the best of your ability regarding your health, follow your treatment plan or discharge of treatment, please ask for further instructions if you do not understand your treatment plan, inform us if you have a durable power of attorney, provide us with accurate financial information, keep your appointments, maintain respectful communications, refill prescriptions on a timely manner (No prescriptions will be filled early). *Please review welcome packet for more information or visit our website chanevada.org*

Chronic Pain Management Policy Community Health Alliance does not provide chronic pain management with opiate-based medication for new patients nor will established patients be started on chronic pain management services. All patients must sign an acknowledgment of this policy when they register. If you have questions about this policy, please speak to the Health Center Manager before signing.

Acute Pain Controlled Substance Policy CHA may treat a patient for acute pain at the discretion of the treatment provider. You must inform your provider if you are taking pain medication from another provider. We reserve the right to terminate the medical provider/dentist- patient relationship.

Consent to Electronic Communication: I consent and authorize Community Health Alliance and its related entities, agents, contractors, including but not limited to schedulers, billing, and other staff to use automated telephone dialing systems, SMS text messaging, and electronic mail to (1) provide messages (including pre-recorded messages or text messages) to me about my account, payment due dates, missed payments, information for or related to medical goods and/or services provided, exchange information, changes to health care law, health care coverage, care follow-up, and other healthcare information or (2) provide messages (including pre-recorded messages) during a call or via text message that delivers a 'health care' message made by, or on behalf of, a 'covered entity' or its 'business associate' as those terms are defined in the HIPAA Privacy Rule, 45 CFR 160.103. I understand that I may opt out by calling Community Health Alliance.

Missed and Late Appointment Policy As a patient, it is your responsibility to keep all scheduled appointments. Rescheduling will cause a delay in your care. We request notice of any cancellation at least 24 hours prior to your appointment or earlier if possible. A patient who arrives at their scheduled appointment within ten (10) minutes after their scheduled appointment will be considered an acceptable late arrival, and be seen that day. A missed appointment is a scheduled appointment, which the patient does not show up for and does not contact us to cancel the appointment prior to the scheduled appointment time. A patient who arrives at their scheduled appointment eleven (11) minutes or more after their scheduled appointment start time is a non-acceptable late arrival and will not be seen, this will be considered a missed appointment.

The information I have provided is true and correct to the best of my knowledge. I have read and understand the above information and agree to comply with the terms above the services rendered by CHA.

Reproductive Health

- We are prohibited from using or disclosing PHI for either of the following activities:
 - To conduct a criminal, civil or administrative investigation into or impose criminal, civil, or administrative liability on any person for the act of seeking, obtaining, providing, or facilitating reproductive health care where health care is lawful under the circumstances in which it was provided.
 - The identification of any person for the purpose of conducting such or imposing such liability.
- We are prohibited from using or disclosing PHI if we have determined that the care was provided in a state where reproductive health is lawful by a licensed provider or that health care is protected, required or authorized by Federal law.
- CHA is required, when it receives a request for PHI potentially related to reproductive health care, to obtain a signed attestation from the requestor that the use or disclosure is not for the prohibited purposes listed above. This reproductive health attestation requirement applies when the request is for PHI for any of the following:
 - Health Oversight activities
 - Judicial and administrative proceedings
 - Law enforcement purposes
 - Disclosure to coroners and medical examiners

We do not create or manage a facility directory.

We will not share any substance abuse treatment records without your written permission, unless required by NRS 484C or NRS 488.

CHA destroys patient health records after six years for inactive patients, unless the person is less than 23 years of age. Records for children and young adults are destroyed after the patient turns 29 years of age. Records for inactive patients covered by Medicare are retained for seven years as covered in 42 CFR 424.516(f).

Our Responsibilities

- We are required by law to maintain the privacy and security of your protected health information.
- We will let you know promptly if a breach occurs that may have compromised the privacy or security of your information.
- We must follow the duties and privacy practices described in this notice and give you a copy of it.
- We will not use or share your information other than as described here unless you tell us we can in writing. If you tell us we can, you may change your mind at any time. Let us know in writing if you change your mind.

You have the right to request that we restrict how protected information about you is used or disclosed for treatment, payment or health care operations. We are not required to agree to this restriction, but if we do, we shall honor that agreement.

By signing this form you consent to our use and disclosure of protected health information about you for treatment, payment and health care operations. You have the right to revoke the Consent in writing, signed by you. However, such a revocation shall not affect any disclosures we have already made in reliance on your prior Consent. Community Health Alliance provides this form to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPPA) and other state and federal laws related to the protection of PHI.

You the undersigned understand that:

- Protected health information may be disclosed or used for treatment, payment, health care operations, or as required by law.
- Community Health Alliance has a Notice of Privacy Practices and you have had the opportunity to review this notice prior to signing this acknowledgement.
- Community Health Alliance reserves the right to change the Notice of Privacy Practices.
- The patient has the right to request restrictions to the uses of their information but Community Health Alliance does not have to agree to those restrictions.
- The patient may revoke this Consent in writing at any time and full disclosures will then cease.
- Community Health Alliance may condition receipt of treatment upon the execution of this consent.

Voicemail/Text Messages:

- Extended Voicemail and Text Messages to include information on upcoming appointments, referrals, lab results, imaging results, preventative services (Due for pap, CRC, etc.), forms ready to be picked up; typically would not have to call us back.

Authorization to Share Privacy Information

In accordance with the Health Insurance Portability and Accountability Act (HIPAA), Community Health Alliance is required to keep your health information confidential and protected. You have the right to restrict family members or other persons from accessing your health information.

We are aware that many of our patients do not wish to restrict their spouse, family member or other person(s) from having access to their health information. In an effort to comply with HIPAA Regulations, and to avoid inconveniences for our patients, we are asking that you please complete this form.

If at any time you wish to change any of the information on this form, please notify our office in writing, we will honor your request.

Please list the family members or other persons, if any, who we may inform about your general medical condition, diagnosis, appointments, test results, or other health care information (including treatment, payment and procedures). **You are not required to list anyone. However, if you do, you are authorizing that person to have access to your medical and/or payment information.**

Patient Consent Form

For Electronic Exchange of Individual Health Information

Details about patient information on HealthIE Nevada and the consent process:

1. How your information will be used and who can access it: When you provide consent, only HealthIE Nevada participants (such as doctors, hospitals, laboratories, radiology centers and pharmacies), will have access to your health information. It can only be used to:
 - Provide you with medical treatment and related services.
 - Evaluate and improve the quality of medical care provided to all patients, using de-identified health information.
2. Types of information included and where it comes from: The information about you comes from participating organizations that have provided you with medical care. These may include hospitals, physicians, pharmacies, clinical laboratories and other health care organizations. Your health records may include a history of present illnesses or injuries you have had (like diabetes or a broken bone), test results (like X-rays or blood tests), and lists of medications your doctor has prescribed. This may include information created before the date of this Consent Form. This information may relate to sensitive health conditions, including but not limited to:
 - Alcohol or drug use problems -HIV/AIDS -Birth Control and Family Planning
 - Genetic (inherited) diseases or tests -Mental Health conditions -Sexually Transmitted Infections
3. Improper access or disclosure of your information: Electronic information about you may be disclosed by a participating doctor to others only to the extent permitted by Nevada State Law. If at any time you suspect that someone who should not have seen or received information about you has done so, you should notify your doctor.
4. Effective period: Your consent becomes effective upon signing this form and will remain in effect until the day you revoke it or HealthIE Nevada ceases to conduct business.
5. Revoking your consent: You may revoke your consent at any time by signing a new consent form and giving it to your doctor. These forms are available at your doctor's office, or by calling 855-484-3443. Changes to your consent status may take 24-48 hours to become active in the system.

Note: Organizations that access your health information through HealthIE Nevada while your consent is in effect may copy or include your information in their own medical records. Even if you later decide to withdraw your consent, they are not required to return it or remove it from their records.

6. How your information is protected: Federal and state laws and regulations protect your health information. HIPPA, the Healthcare Insurance Portability and Accountability Act of 1996, is the federal law that protects your medical records and limits who can look at and receive your health information, including electronic health information. HIPPA's protections were further strengthened by another federal law, the HITECH Act of 2009, which may impose severe financial fines on anyone who violates your medical privacy rights. All health information made available on the HIE, including your medical information, is encrypted to federal standards and is accessible only as allowed by Nevada State Law (NRS 439.590). In addition, your doctor must provide you with a Notice of Privacy Practices, which describes how he or she uses and protects your medical information.

Patient Consent Form for Electronic Exchange of Individual Health Information

Nevada Medicaid Patients: PLEASE READ. Nevada law mandates that “a person who is a recipient of Medicaid or insurance pursuant to the Children’s Health Insurance Program may not opt out of having his or her individually identifiable health information disclosed electronically” (NRS 439.539). When a patient is no longer a Medicaid recipient, it is her/his responsibility to change their consent choice, if they choose to do so. Please sign below to indicate your acknowledgement.

By signing this consent form you agree for all HIE participants to access all of your electronic health information (including sensitive information) in connection with providing you any health care services, including emergency care. Unless you choose not to participate or opt-out. If you choose to opt-out, physicians will not be able to look for your records in Health Information Exchange, or have the most recent information about you, which may adversely affect your care. If you do not want to participate in Health Information Exchange, you must complete, sign and submit the Opt-Out Form. By completing the Opt-Out Form, you are only opting out of Health Information Exchange. Your records can still be shared directly between your health care providers outside of Health Information Exchange using traditional methods (fax, mail, phone). If you choose to opt-out of Health Information Exchange, we will still continue to provide you with health care treatment in our facilities.
